EmPower

Great Wellbeing Seminar

30th Sept - 1st Oct

Immersive 2-Day Seminar + 12-Week Guided Mental Fitness Journey

Because when you feel empowered, everything changes.

My EmPower Group gave me somewhere I belonged. It helped me be more myself at home and at work – and brave enough to ask for help when I needed it.”

– D.B.

Why EmPower?

"It's made me braver. I've discovered who I am – and that I don't need anyone else's permission to be that person." – E.B.

Have you ever felt like you don't fit; don't belong? Or like you're too preoccupied by the difficult days to enjoy the brilliant ones? Perhaps you feel disconnected, or even lonely?

It's just you – right?

Many of us who have felt fragile have tried to think our way to wellbeing, or tried treatments to calm the feelings, but have ended up frustrated by our lack of deep and permanent progress.

We asked ourselves; 'I want to get better. What can I do?'

It took us three years to answer these questions for you.

We had an idea and we tested it, refined it and proved it and now we would like to share it with you.

The idea was **EmPower Great Wellbeing**.

There is no single big action that changes everything, but there is a myriad of easy, simple things you can practice to permanently retrain your emotions.

We provide the education and framework.

You take action, create lasting change, and thrive.

PROGRAMME OUTCOMES

I have always wanted to be able to be more productive - to get through my to-do list crisply and well, and then be able to relax afterwards. Now I can! - MF, Highland

There's no silver bullet for mental resilience. But there are dozens of small, simple habits that – practised daily – make a profound difference. We provide the structure, insight and support. You can take ownership and transforms.

THE GROUP EXPERIENCE

Our approach blends structure with compassion. Each group is facilitated to ensure a psychologically safe space for reflection, learning and connection.

Our peer support model is designed to foster long term community and accountability, so that the connections you make at the seminar continue to support you well beyond the EmPower Programme.

ABOUT THE PROGRAMME

The EmPower Programme offers you the opportunity to:

- Deeply explore their own mental fitness and wellbeing.
- Learn directly from expert facilitators with lived experience.
- Discover their core values and align their daily lives with them.
- Identify and overcome limiting beliefs.
- Design a 12-week personalised action plan for sustained resilience.

Participants also benefit from:

- Weekly online development seminars for 12 weeks
- Be part of a peer support group designed to keep you accountable and connected.
- Train your mental fitness using our personalised tracker app with simple, easy-to-implement daily actions.

"My EmPower Group gave me somewhere I belonged. It helped me be more myself at home and at work – and brave enough to ask for help when I needed it." – D.B.

2 DAYS IMMERSIVE SEMINAR

This powerful kick-off seminar introduces six key challenges to resilience and practical ways to overcome them:

- Emotional fatigue – Learn how to recharge energy through consistent micro-actions.
- Imposter syndrome – Build real confidence by reframing negative beliefs.
- Loss of purpose – Reconnect with what truly matters and align your day around it.
- Overthinking and burnout – Replace spirals of self-criticism with clarity and forward movement.
- Isolation – Experience the safety and power of authentic peer connection.
- Lack of tools – Walk away with a personalised 12-week action plan and access to digital support

"I found the sessions valuable. They provided comprehensive education from practitioners with lived experience and time for us to develop aims. The program provided tools and resources to build more resiliency to the personal challenges, awareness of my actions and desired outcomes, as well as self-compassion for when I struggle." - C.S

12-WEEK GUIDED MENTAL FITNESS JOURNEY

Participants build their 12-week plan during the seminar and carry it forward through our custom EmPower Tracker app. This app guides daily actions based on behavioural science and tracks progress towards goals – supported by weekly live sessions, expert mentors, and peer accountability.

"I felt generally more at ease when I was tracking. That system of goal and target setting and measurement really works for me." - P.A.

LEARNING STYLE

- **Inspiring & Evidence-Based** – Rooted in science, designed to motivate
- **Personalised & Practical** – Each participant creates their own path
- **Relational & Supportive** – Strong peer bonds to sustain real change

INCLUDES

- A 2-day Education & Discovery Seminar (online and in-person).
- 12-week mental fitness programme, guided by our tracker app.
- Wellbeing assessments at the beginning, middle and end, so you can track your progress and see real growth.
- Weekly virtual seminars and community check-ins.
- Full access to expert mentors.
- Group support, resources and personalised learning.
- Celebration, graduation and onward support.

EmPower

An action based solution to
the wellbeing problem

Let's explore what's possible—together.

"Do it ! It will improve your well-being and help you learn more about yourself. It's like hitting a pause button on life and giving yourself permission to think of your own health and needs."- J.G.
